

ISN'T IT TIME TO STOP
STRUGGLING WITH
YOUR BUSINESS MAIL?

Wouldn't it be great if processing your business mail was as simple as speed dialing your phone? Truth is, it can be just that easy to get your mail out quickly and accurately. Ideal for your small business or home office, the WJ65 is a semi-automatic, low volume, cost effective mailing system that is compact, quiet, and easy to use. With the WJ65, you can program and save repetitive jobs, track mailing costs and eliminate overpaying on postage. The WJ65 simplifies your mailing tasks with the touch of a button.

**Features that save you
time and money:**

- Processes jobs at up to 65 letters per minute
- Accurate cost tracking and report generation for 35 accounts
- Differential weighing capability for easier and faster processing of mail
- Program up to five of your most common jobs
- Easy postage replenishment with Hasler's Telemeter Setting® (TMS) service

One-step processing thanks to technology that automatically moistens your envelopes and adjusts for envelope thickness.

Great for offices with multiple users, you can secure your system's funds with 4-digit PIN password protection.

Eliminate hurried trips to the post office by electronically replenishing postage funds using Hasler's TMS service.

Eliminate the need to manually feed individual meter tapes. With the automatic tape dispenser, you can program up to 99 labels at the touch of a single button.

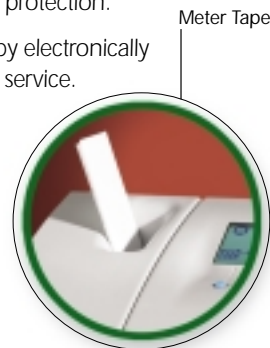

Ensure a clear, crisp, no mess imprint every time thanks to HP inkjet technology.

Meet government standards for digital meters with USPS IBI compliant indicia.

You can also take a specialized approach with all your mail jobs.

With eight pre-loaded advertising dies and the ability to load two additional customized ad dies, you can use your mail to reinforce a marketing message or strengthen your brand.

Eight mail class dies make for easier processing of your mail, and five user programmable text messages give you the ability to personalize mail pieces.
