

INCREASE EFFICIENCY AND REDUCE COSTS WITH
QUICK, PROFESSIONAL FOLDS EVERY TIME

HF55

ENHANCE PRODUCTIVITY WITH AN EASY TO USE SOLUTION FOR YOUR FOLDING APPLICATIONS

The easy to use HF55 Document Folder is the perfect system for small to mid-size businesses, schools, government offices, insurance companies, law firms, healthcare facilities and many more. It will greatly enhance the processing of direct marketing and administrative mailings for any organization requiring common folds such as: letter, z-fold, single, gate, fold out and double parallel folds.

The dependable HF55 saves valuable time processing folded documents and does it without damaging your mail, guaranteeing tight, crisp and professional folds every time. Its unique and highly productive telescoping out-feed stacker gives the HF55 unmatched output ability and keeps folded documents in a neat and sequential order. It enables users to conveniently fill the in-feed hopper and let it completely run out before removing folded documents for maximum unattended operation.

The HF55 has the flexibility to process a wide variety of paper sizes up to 17" in length and 12¼" in width. Its ability to customize jobs allows operators to fold in virtually any configuration requiring up to two folds. Cross folding adds to the HF55's versatility by allowing for additional folds in a second pass.

Fitting easily on any tabletop the HF55 will hold up to 500 finished folded documents on the out-feed stacker. And a centrally located control panel with pre-marked common fold settings allows for quick and easy setup.

HASLER
America's better choice.®

A SUITE OF VALUE-ADDED PRODUCTS AND SERVICES THAT COMPLETE YOUR TOTAL MAILING SOLUTION

Today's fast-paced office environment requires your mailing operations to be as intelligent as the rest of your business. More than ever, you need a total solution that provides the capabilities to meet all your demands, while giving you control and transparency of every mail-related function.

Hasler's HF55 Document Folder will dramatically increase office efficiency by allowing you to operate at peak performance. And to truly maximize productivity and efficiency, consider integrating a powerful Hasler address printer, high-speed tabber, or a digital mailing system into your mailing operations. Each of these products will add processing speed, enhanced performance and a professional appearance to your mail.

Intelligent mailing ensures that your entire mail process operates faster, simpler and more reliably. Hasler has the total mailing solution to meet all your important processing needs, today and as you change and grow in the future.
